**Untitled, 1998**

Photography Malerie Marder

"A motel off the interstate. Mostly truckers. A few transients. It was September, an Indian summer, a sticky, humid night. A shower. Cold film. A camera. Far flung bellows. Long exposure. His skin was pock-marked and pimply. Hers was brown and freckled. He whispered in her ear, bruising, biting. Drip, drip, drip under a dusty, yellow orb. A retired disco ball. A faded sun."

“New Haven, Connecticut. Snuck up from behind.  
Grab timer. Release.”
